

Undo365 Data Recovery - Installation Guide:

Thank you for choosing Undo365 Data Recovery to safeguard your valuable data. This guide will walk you through the simple steps to install the software on your Windows 32-bit system.

System Requirements:

Before proceeding with the installation, please ensure your computer meets the following minimum and recommended specifications:

Component	Minimum Requirements	Recommended Requirements
Operating System	Windows 7,8,10,11 (32-bit)	Windows 7/8/10 (32-bit)
Processor	Intel Pentium 4 or equivalent (1 GHz)	Intel Core 2 Duo or equivalent (2 GHz or faster)
RAM	512 MB	1 GB or more
Hard Disk Space	1 GB free space	5 GB free space
Display	800x600 resolution	1024x768 or higher resolution

Installation Steps:

1. Download the Installer:

- Locate the Undo365 Data Recovery installer file (e.g., Undo365_Data_Recovery_Setup.exe). This file can be typically found in the download folder of your web browser or on the installation media you received.

2. Run the Installer:

- Double-click the Undo365_Data_Recovery_Setup.exe file to begin the installation process.
- You may see a User Account Control (UAC) prompt asking for permission to make changes to your computer. Click **"Yes"** to continue.

3. Welcome Screen:

- The Undo365 Data Recovery Setup Wizard will appear. Click **"Next"** to proceed.

4. License Agreement:

- Carefully read the End User License Agreement (EULA). By clicking "**I Agree**", you acknowledge that you have read and agree to the terms and conditions outlined in the license agreement. Click "**Next**" to continue.

5. **Select Destination Folder:**

- The installer will suggest a default installation location. To install Undo365 Data Recovery in a different folder, click "**Browse...**" and select your desired location.
- Once you have chosen the installation folder, click "**Next**".

6. **Ready to Install:**

- The setup wizard is now ready to install Undo365 Data Recovery on your computer. Click "**Install**" to begin the installation process.

7. **Installation Progress:**

- A progress bar will indicate the status of the installation. Please wait while the files are being copied to your system. This process may take a few minutes depending on your system's performance.

8. **Completing the Undo365 Data Recovery Setup:**

- Once the installation is complete, you will see a confirmation message.
- Ensure the "**Launch Undo365 Data Recovery**" checkbox is selected if you wish to run the software immediately after closing the setup wizard.
- Click "**Finish**" to close the setup wizard.

Congratulations! You have successfully installed Undo365 Data Recovery on your Windows 32-bit system. You can now launch the application from the desktop shortcut or from the Start Menu.

Support:

If you encounter any issues during the installation process, please refer to our support documentation on our website or contact our customer support team for assistance. We hope Undo365 Data Recovery helps you recover your important data effectively!
